Re: Flooding in British Columbia

Our hearts go out to all the communities in our beautiful province who are affected by the catastrophic floods and winds. We know that the worst is probably not over. We also know, from the many experiences we have had with many of our BC CRN communities who have lived through a disaster, that British Columbians always step up and provide help to those in need. Certainly, the stories coming from our coordinators and mentors show that this caring and heartfelt response is present everywhere. Please know that we are encouraging all our CRNs to help wherever help is needed.
